REPORT ON DEPARTMENTAL ACTIVITIES
2017-2018**

1. Bridge course

date 21-6-2017

The bridge course classes for UG students on Physics subject was conducted at S Ch V P M R Government Degree College Ganapavaram from 21-6-2017 to 28-7-2017. The course was designed to provide a comprehensive understanding of fundamental concepts of Physics to the students, who are transitioning from intermediate to degree college. The course aimed to enhance the students' basic knowledge, skills and to bridge the gap between their Intermediate and undergraduate level knowledge.

Methodology: The course was designed in such a way that it covered various topics such as mechanics, thermodynamics, electricity and magnetism, and optics. The course was delivered using a variety of teaching techniques such as interactive lectures, group discussions, practical demonstrations, and problem-solving sessions. The students were provided with various learning resources like textbooks, lecture notes, and practice problems for self-study.

The course was conducted for six days a week, and each session was for one hour. A total of 20 students were enrolled in the course. The structure included a pre-test to assess the students' baseline knowledge,

Outcomes: At the end of the course, the students showed significant improvement in their understanding of Physics concepts. The students' participation was active, and they showed interest in the learning process. They also provided positive feedback on the course structure, teaching techniques, and learning resources provided.

Challenges: One of the challenges faced during the course was a lack of equipment and resources to conduct practical demonstrations. However, this was addressed by arranging for alternative resources and simulations to demonstrate practical concepts.

Conclusion: In conclusion, the bridge course classes for UG students on Physics subject conducted at S Ch V P M R Government Degree College Ganapavaram from 21-6-2017 to 28-7-2017 were successful in bridging the gap between high school and undergraduate level knowledge. The course provided a strong foundation in fundamental Physics concepts and enhanced the students' knowledge and skills. The course was well-received by the students, and it is recommended to conduct similar courses in the future to help students college.

2,GUEST LECTURE

DATE 10-8-1017

Subject: Report on Guest Lecture on Thermodynamics by DR A R S KUMAR

The guest lecture by DR A R S KUMAR, from the Department of Physics at Y N College Narasapur for Undergraduate students at Sch VP M R Government Degree College Ganapavaram on the topic of Thermodynamics was held on the 10th of August, 2017

The lecture was attended by a total of 32 students, including UG Students, , and faculty members. DR A R S KUMAR's lecture comprised of an introduction to the topic of thermodynamics, theories of thermodynamics, and example applications of thermodynamics.

The lecture was well received by the students and faculty, who interacted with DR A R S KUMAR during and after the session. DR A R S KUMAR provided valuable insights on the subject and answered student's queries in a friendly and patient manner. At the end of the lecture, DR A R S KUMAR distributed a study material on the subject which was aimed at helping students gain a better understanding of the topics discussed during the session.

Overall, the guest lecture by DR A R S KUMAR on Thermodynamics was a successful event. The topics discussed in the lecture were helpful for the participating students in gaining a more in-deptunderstanding of thermodynamics and its application.

3, Remedial coaching: Remedial coaching for UG students in S ch v p m r government DEGREE college GANAPAVARAM from 21-10-2017 to 28-10-2017 was conducted in an efficient manner.

A total of 24 students from various streams enrolled for the remedial coaching. The focus of the coaching was to give extra support to the students who had difficulty in understanding the subjects that were taught in the college.

The students were given individual attention and the teachers spent time clarifying concepts and giving examples.

The teaching staff was well aware that the students had difficulty in certain topics and accordingly, taught the topics taking into consideration the needs of the students.

The response to the remedial coaching was very positive. The students were appreciative of the support given and were confident in their ability to understand the topics better after the coaching.

At the end of the coaching, the students expressed their gratitude and thanked the teachers for their help in understanding the topics better.

Overall, the remedial coaching for UG students at S ch v p m r government DEGREE college GANAPAVARAM was conducted in an effective manner and the students showed a positive response towards it.

4, Student seminar: On 5-2-2018, the B.Sc students of S Ch V P M R Government Degree College Ganapavaram conducted a student seminar on the topic of "Maxwell Eqations" The seminar aimed to provide a platform for students to showcase their knowledge of the subject and to increase awareness of the topic among the attendees.

Recommendations: Based on the success of this seminar, it is recommended that similar seminars be conducted in the future. The organizers should ensure that the speakers are well-prepared and that the presentations are engaging and informative. Additionally, the organizers should promote the seminar to a broader audience, such as students from other colleges and members of the local community. This would help to increase awareness of the topic and promote interest in the subject.

5, Student quiz ; A quiz on low temperature physics for BSc students is likely to cover a range of topics related to the behaviour of matter at extremely low temperatures. These topics might include concepts

such as superconductivity, super fluidity, quantum liquids, Bose-Einstein condensates, and other related phenomena

Questions on the quiz may be structured as multiple choice, short answer, and may require students to demonstrate their understanding of key concepts, equations, and experimental methods used to study low temperature physics.

Overall, a quiz on low temperature physics would be an opportunity for students to demonstrate their knowledge and understanding of this fascinating area of physics. It may also help students to develop critical thinking and problem-solving skills, as they apply their knowledge to answer questions and solve problems related to low temperature physics

Date: 03.07.2017 to 11.07.2017

Bridge courses are advanced courses designed especially for students taking an advanced course for the first time. These courses offer more attention to grammar and translation than do other advanced courses. The bridge course classes for UG students on social work subject were conducted at S Ch V P M R Government Degree College Ganapavaram from. 03.07.2017 to 11.07.2017 The course was designed to provide a comprehensive understanding of fundamental concepts of social work to the students, who are transitioning from intermediate to Degree College. The course aimed to enhance the students' basic knowledge, skills and to bridge the gap between their Intermediate and undergraduate level knowledge.

Outcomes:

Social work graduates work in diverse settings — including criminal justice, child welfare, healthcare, school social work, government, mental health, agencies for the elderly, research organizations, advocacy, human rights, community development, international social work and substance abuse programs. Many attend graduate programs in social work, including Pacific's Students who complete our undergraduate social work program may be eligible for an accelerated master's program.

Conclusion:

In conclusion, the bridge course classes for UG students on social work subject conducted at S Ch V P M R Government Degree College Ganapavaram from 03.07.2017 to 11.07.2017 were success bridging the gap between high school and undergraduate level knowledge. The course provided a strong foundation in fundamental social work concepts and enhanced the students' knowledge and skills. The course was well-received by the students, and it is recommended to conduct similar courses in the future to help students college.

2.GROUP DISCUSSION :06-09-2017

The department of social work conducted Group discussion on social work profession in USA and INDIA on 06-09-2017 in class room. The I BA Social work students involved in group discussion

Advantages :

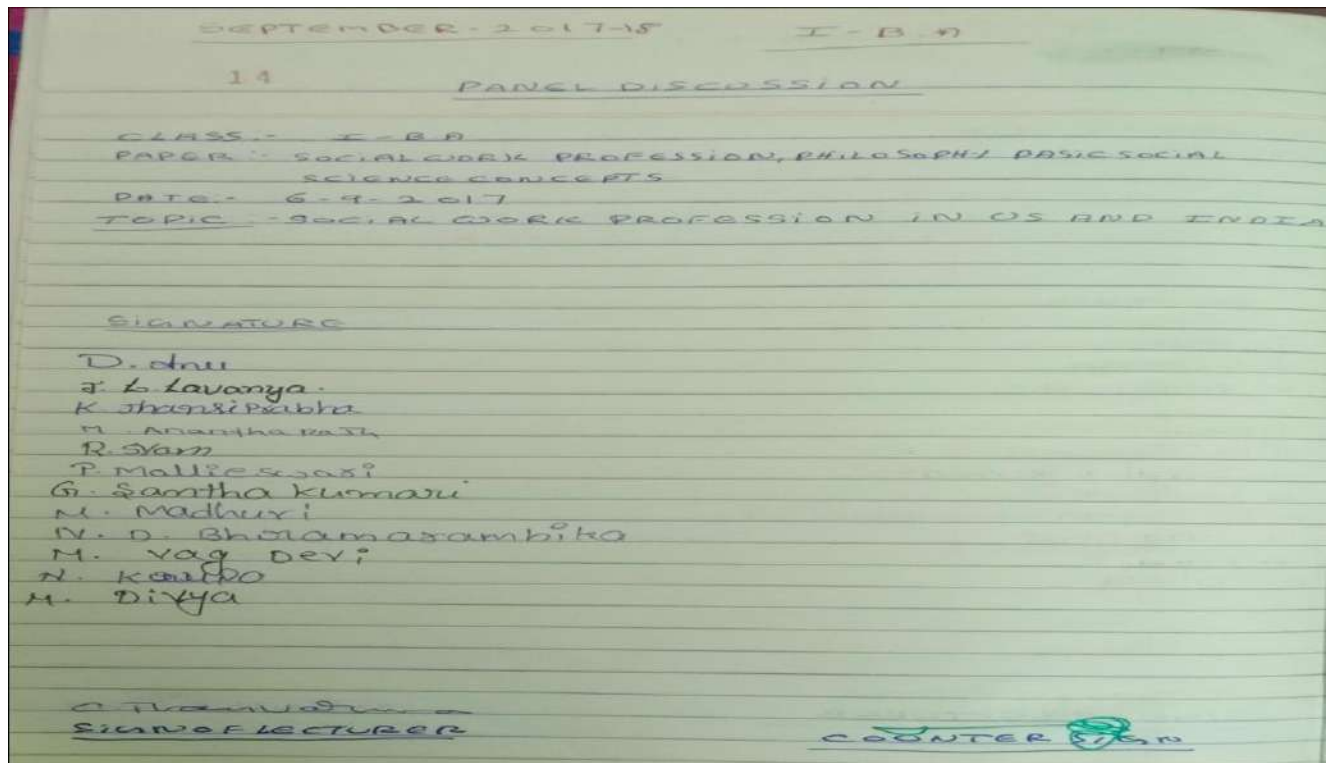

Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Out comes :

What are the benefits of group discussion? Group discussion is a method of learning where students discuss their ideas, opinions, and thoughts about a topic. Group discussions help students develop critical thinking skills, improve communication skills, increase self-confidence, and build teamwork.

Conclusion :

Summarize all the points – The best way to conclude is to summarize all the points that you have discussed in brief and present your final take on the subject being discussed. Be concise – Make sure that you don't drag your conclusion. Keep it as short as possible and try to mention the points clearly.

DEPARTMENT OF ZOOLOGY

ACTIVITIES CONDUCTED

2017-2018

BRIDGE COURSE: 06-07-2017 TO 15-07-2017

Department of Zoology conducted a ten days bridge course from 06-07-2017 TO 15-07-2017 before the beginning of regular classes. The main objective of this course is to brush up the basic knowledge of the students and prepare them for three year graduation course. The Bridge Course helps to build a better interaction among the new students and also with the subject related lecturers. We adopted interactive sessions for active learning process and also make the students aware of the laboratory rules and regulations. At the end of bridge course, the students were evaluated by conducting a quiz or a simple multiple choice based exams. It was evident from the evaluation process that those who attended the bridge course classes have gained the knowledge and skills of basic concepts.

STUDENT SEMINAR: 21-08-2017, 09-10-2017

Zoology department conducted student seminars to enhance the learning skills of the student. Each student was allotted with a topic from the prescribed syllabus. Students were given time to prepare a short report on the topic and then they were allowed to speak in front of their fellow classmates. This exercise helped the students to improve their reading and speaking abilities to understand and teach the topic allotted.

STUDENT QUIZ COMPETITION:

Department of Zoology conducted Quiz competitions at classroom level on **20-09.17** for BSC BZC students. Rules and regulations of the quiz were explained at the beginning. It was interesting competition including objective questions with options round and rapid-fire round which engaged the students for one hour. Although the teams participated actively, the team that scored maximum was declared as the winner. It was very informative and knowledge enriching competition for the participants along with the audience.

FIELD VISIT: 03-02-2018

Zoology Department conducted a field visit for III BZC students to Aqua farm ,Peddanindrakolanu , West Godavari Dt. Field study is an essential part of the study of life science. Only classroom instructions cannot bring the all round development of the student. To widen the sphere of mental level of the student, they should be given a chance to get direct and firsthand experience to see the things themselves. To study animal in the natural environment where all the animals live in their natural habitat

REMEDIAL COACHING: 15-03-2018 TO 21-03-2018

Remedial classes for seven hours each were planned and conducted for all the papers in Zoology subject before the final examinations. Students who scored less in internal exam and also those who have backlogs were expected to attend the same.

DEPARTMENT OF BOTANY

ACTIVITIES CONDUCTED

2017-2018

BRIDGE COURSE: 06-07-2017 TO 15-07-2017

Department of Botany conducted a ten days bridge course from 06-07-2017 TO 15-07-2017 before the beginning of regular classes. The main objective of this course is to brush up the basic knowledge of the students and prepare them for three year graduation course. The Bridge Course helps to build a better interaction among the new students and also with the subject related lecturers. We adopted interactive sessions for active learning process and also make the students aware of the laboratory rules and regulations. At the end of bridge course, the students were evaluated by conducting a quiz or a simple multiple choice based exams. It was evident from the evaluation process that those who attended the bridge course classes have gained the knowledge and skills of basic concepts.

STUDENT SEMINAR: 18-08-2017, 20-12-2017

Botany department conducted student seminars to enhance the learning skills of the student. Each student was allotted with a topic from the prescribed syllabus. Students were given time to prepare a short report on the topic and then they were allowed to speak in front of their fellow classmates. This exercise helped the students to improve their reading and speaking abilities to understand and teach the topic allotted.

STUDENT QUIZ COMPETITION:

Department of Botany conducted Quiz competitions at classroom level on **25.7.17, 30.7.17, 6.8.17, 8.8.17, 5.9.17 and 12.9.17** for BSC BZC students. Rules and regulations of the quiz were explained at the beginning. It was interesting competition including objective questions with options round and rapid-fire round which engaged the students for one hour. Although the teams participated actively, the team that scored maximum was declared as the winner. It was very informative and knowledge enriching competition for the participants along with the audience.

5. Remedial Coaching: 12, 13, 16, 17, 18,19th &20th October 2017

Remedial coaching for UG students in S.Ch.VPMR Government DEGREE College GANAPAVARAM from 12, 13, 16, 17, 18,19th &20th October 2017 was conducted in an efficient manner.

A total of 44 students from various streams enrolled for the remedial coaching. The focus of the coaching was to give extra support to the students who had difficulty in understanding the subjects that were taught in the college.

The coaching was conducted in two sessions- morning and evening. The first day, different topics in Telugu Language and Literature were discussed. Then, the remaining days focused exclusively on the topics that the students found difficult.

The students were given individual attention and the teachers spent time clarifying concepts and giving examples of the Literature.

The teaching staff was well aware that the students had difficulty in certain topics and accordingly, taught the topics taking into consideration the needs of the students.

The response to the remedial coaching was very positive. The students were appreciative of the support given and were confident in their ability to understand the topics better after the coaching.

At the end of the coaching, the students expressed their gratitude and thanked the teachers for their help in understanding the topics better.

Overall, the remedial coaching for UG students at S .Ch.VPMR GOVERNMENT DEGREE College GANAPAVARAM was conducted in an effective manner and the students showed a positive response towards it.

6. JAM Session

A Just-A-Minute session was organized on 05.12.2017 for II BSc students on “My Village”. The target of the program is to improve communication and presentation skills of the students. 11 students spoke for 2 minutes each, and on the whole, 32 students participated in the session. GD Srinivas, Dept. of English was the Resource person.

7. Remedial Coaching:

For the benefit of slow learners, remedial coaching classes were conducted from 12.03.2018 to 19.03.2018 after collecting feedback from students, and after observing midterm exams assessment. During the coaching, all important topics were revised and it was ensured that all such students attempted daily assignments in the class for their performance improvement.
