DEPARTMENT OF BOTANY

ACTIVITIES CONDUCTED

2020-2021

BRIDGE COURSE: 01-02-2021 To 15-02-2021

Department of Botany conducted a two weeks bridge course from **01-02-2020 TO 15-02-2020** before the beginning of regular classes. The main objective of this course is to brush up the basic knowledge of the students and prepare them for three year graduation course. The Bridge Course helps to build a better interaction among the new students and also with the subject related lecturers. We adopted interactive sessions for active learning process and also make the students aware of the laboratory rules and regulations. At the end of bridge course, the students were evaluated by conducting a quiz or a simple multiple choice based exams. It was evident from the evaluation process that those who attended the bridge course classes have gained the knowledge and skills of basic concepts.

STUDENT SEMINAR: 23.11.2020, 25.11.2020, 26.11.2020

Botany department conducted student seminars to enhance the learning skills of the student. Each student was allotted with a topic from the prescribed syllabus. Students were given time to prepare a short report on the topic and then they were allowed to speak in front of their fellow classmates. This exercise helped the students to improve their reading and speaking abilities to understand and teach the topic allotted.

23.11.2020 - Meristems

25.11.2020- Special Tissues

26.11.2020- Photosynthesis

REMEDIAL COACHING: March 2021

Remedial classes for seven hours each were planned and conducted for all the papers in Botany subject before the final examinations. Students who scored less in internal exam and also those who have backlogs attended the same.

Today I Conducted Student Power Point Presentation For III Bcom(V) Students on Creating Web pages using HTML Tags. In This Seminar All Students Involved And Participated.

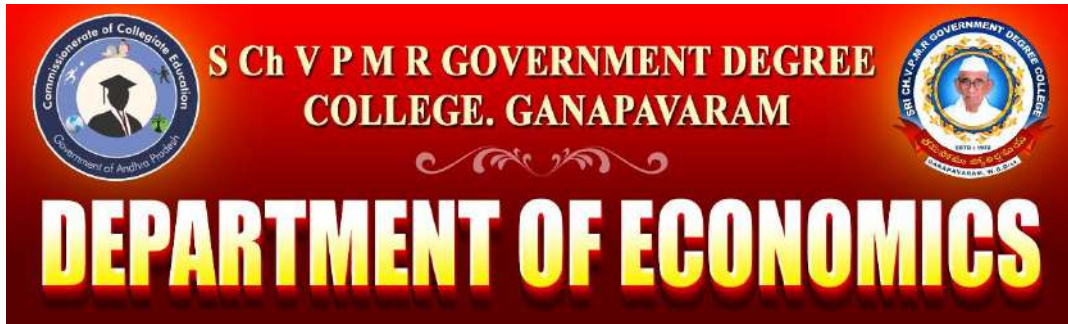

Activity IV

Student Paper Presentaion III B.Com(V) on 02-01-2020

Topic : CSS & CSS Types

Today I Conducted Student Paper presentation For III Bcom(V) Students on Creating CSS & CSS types. In This Seminar All Students Involved And Participated

ACTIVITIES FOR THE YEAR 2020-21

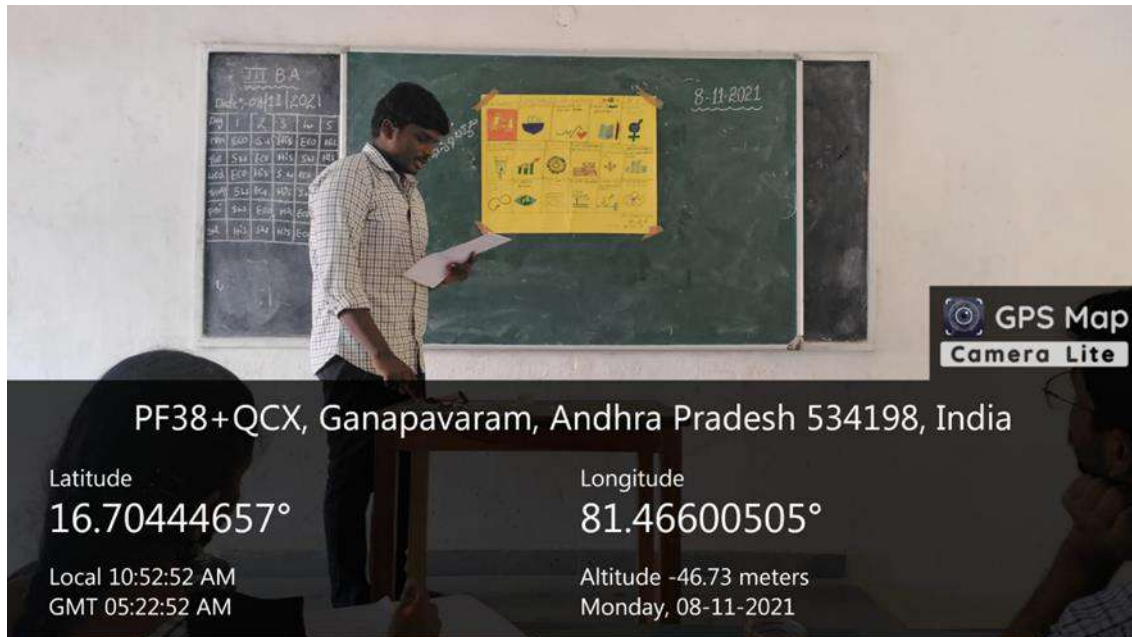

Sl. No.	Activity Conducted	Date
1	Bridge Course for I BA	27.1.2021 to 3.2.2021
2	Student Seminar for III BA on “Sustainable Development Goals”	08.11.2021
3	Guest Lecture for II and III BA students on “New Economic Policy-Past Achievements and Future Prospects”	13.12.2021
4	Student Seminar for II BA on “Development Indicators”	22.12.2021
5	Remedial Classes I Semester II Semester III Semester IV Semester V Semester VI Semester	17.7.2021 to 28.7.2021 4.10.2021 to 29.10.2021 2.3.2021 to 17.3.2021 2.9.2021 to 16.9.2021 26.2.2021 to 9.3.2021 26.7.2021 to 12.8.2021

K. Sivasankar

In-Charge, Dept. of Economics

❖ Student Seminar for III BA on 08.11.2021

Topic is Millennium Development Goals and Sustainable Development Goals for seminar. Students prepared charts on MDGs and SDGs with relevant pictures and current data and presented their views well to their fellow mates. At the end, students came to conclusion that government has to focus on real development indicators like health, education, skill development, availability and accessibility of minimum standards of living etc.

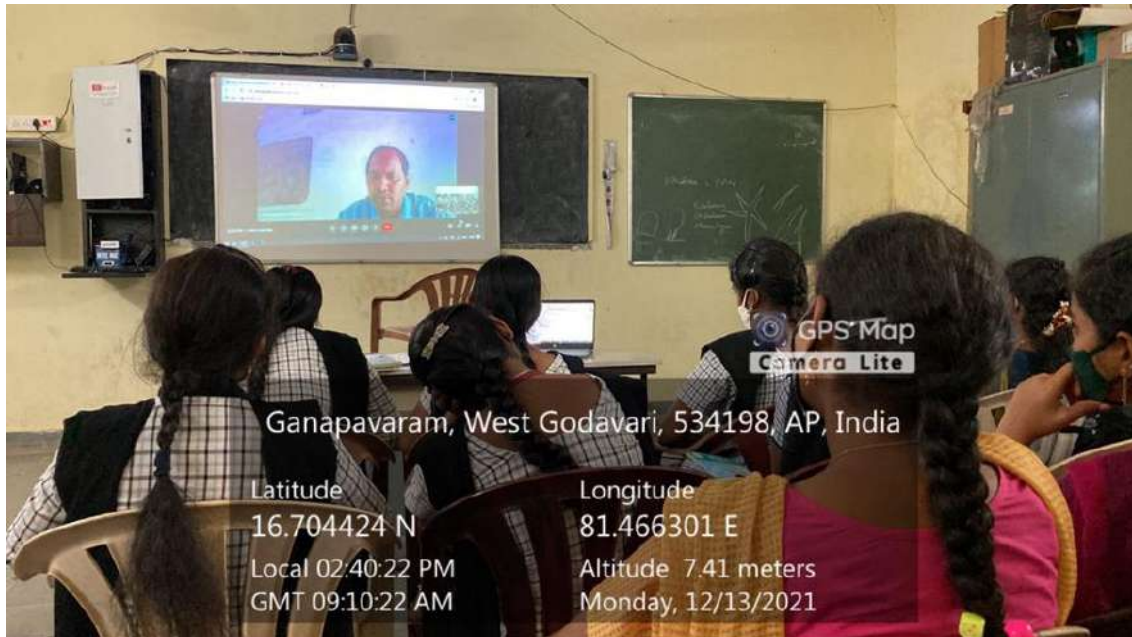

❖ Guest Lecture on 13.12.2021

Topic: New Economic Policy: Past Achievements and Future Prospects

Resource Person: Sri B. Srinivasa Rao, Lecturer in Economics, CSTS GDC,

Jangareddygudem. He gave detailed lecture on achievements of new economic policy and its future prospects. Students interacted with resource person at the end and clarified their doubts.

Mode: Online (Google Meet)

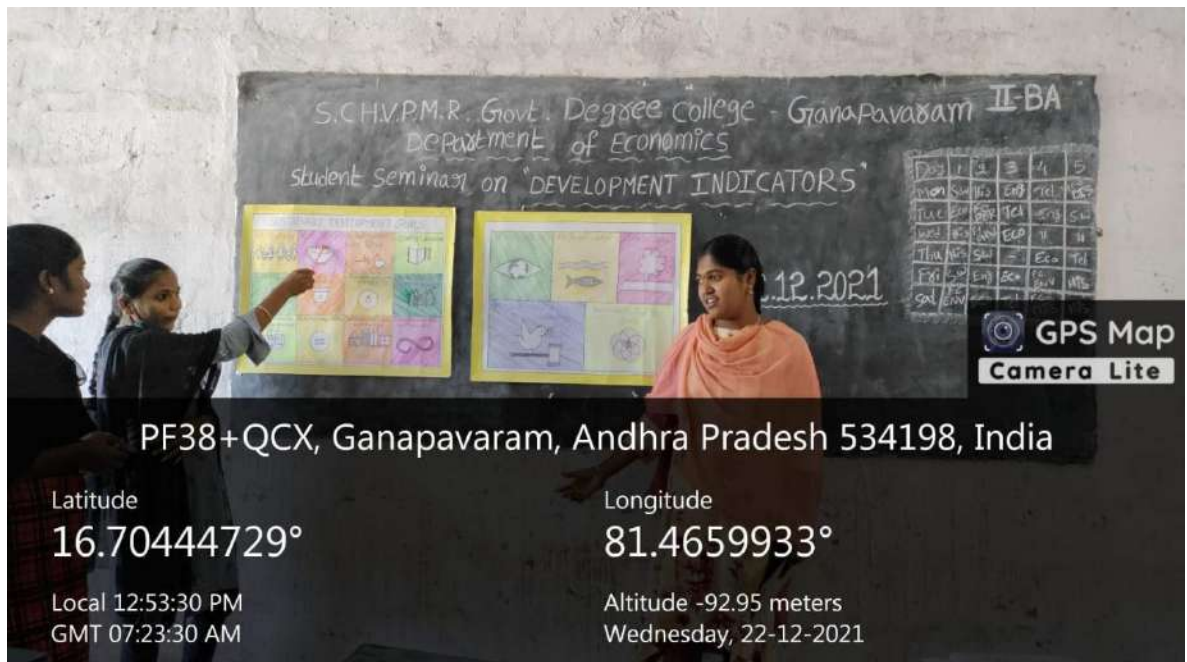

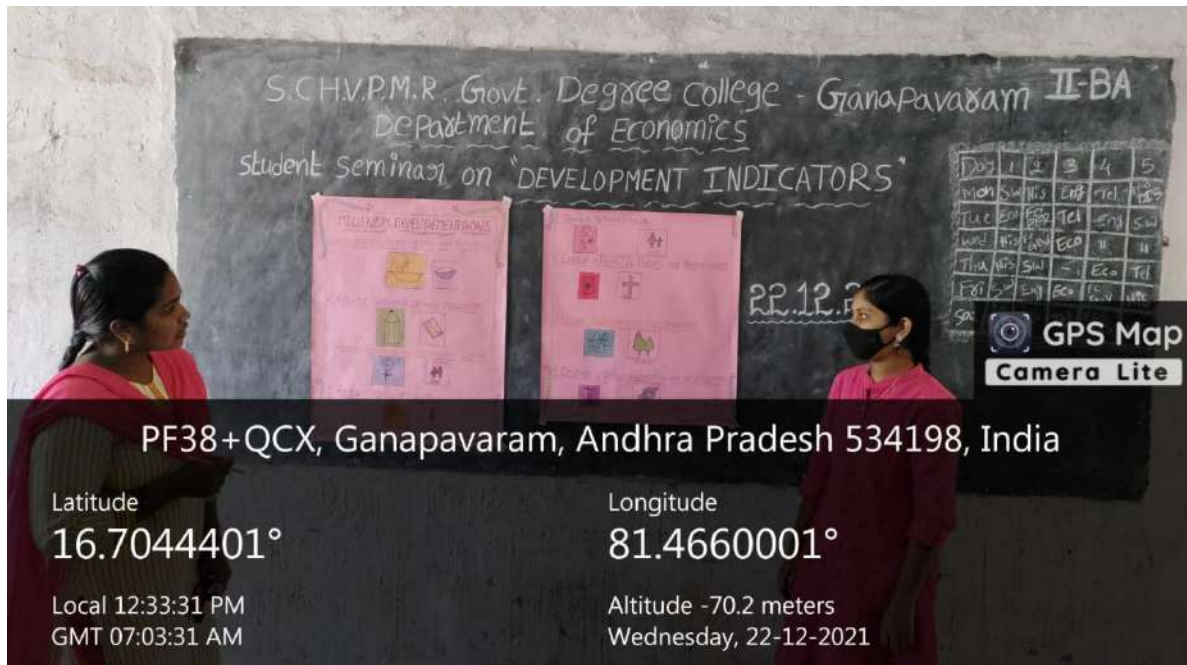

❖ **Bridge Classes for I BA from 20.11.2021 to 30.11.2021**

Covered basic concepts in economics by using PPTs to give students a new experience. Topics covered are economic activities, fundamental problems of economics, definitions of economics, new CBCS curriculum etc.

❖ Student Seminar for II BA on 22.12.2021

Topic: Development Indicators. Students prepared charts on various development indicators to assess the economic development worldwide and presented their views well in the seminar.

SCHVPMR GOVERNMENT DEGREE COLLEGE, GANAPAVARAM

Dept. of Mathematics

Activities for the Year 2020-21

Activity I

Student Seminar for III B.Sc on 12.11.2020

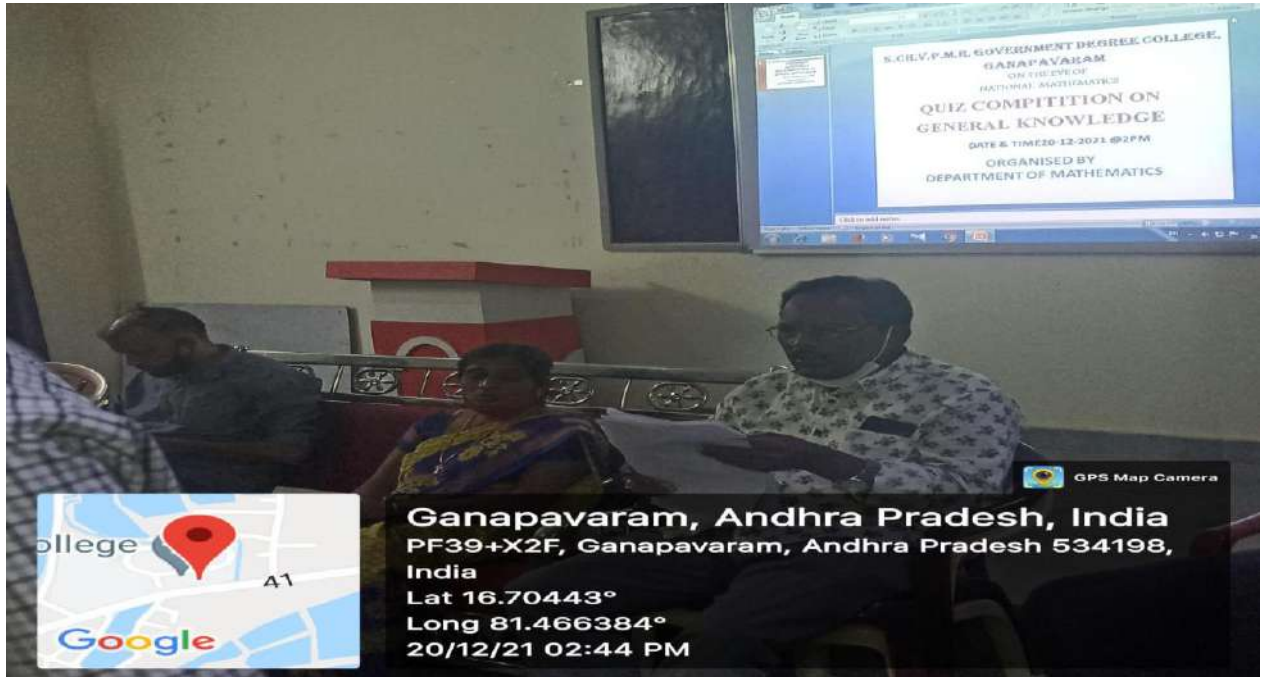

Topic: $\text{Dim}(W_1+W_2)=\text{Dim}(W_1)+\text{Dim}(W_2)$

Activity II

Quiz Competition for all B.sc, B.com and BA Students on 20.12.2020

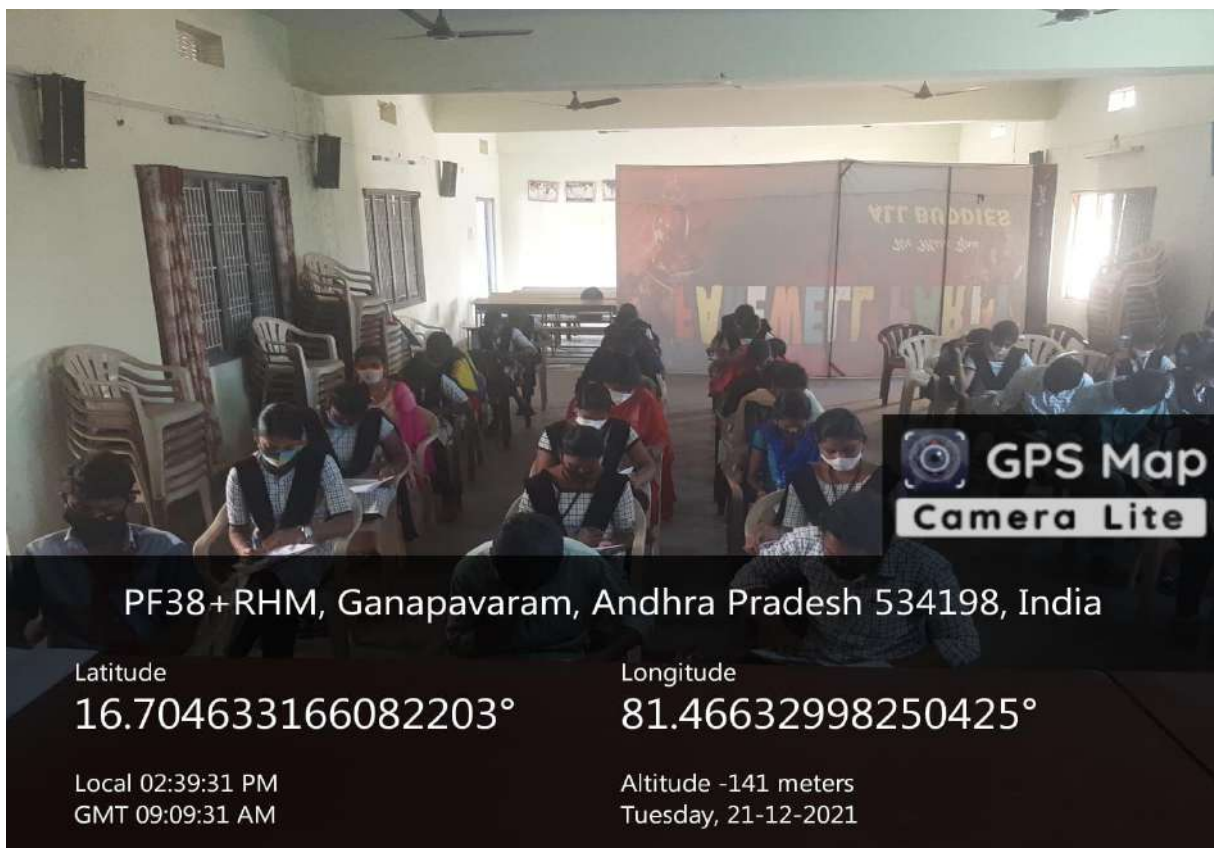

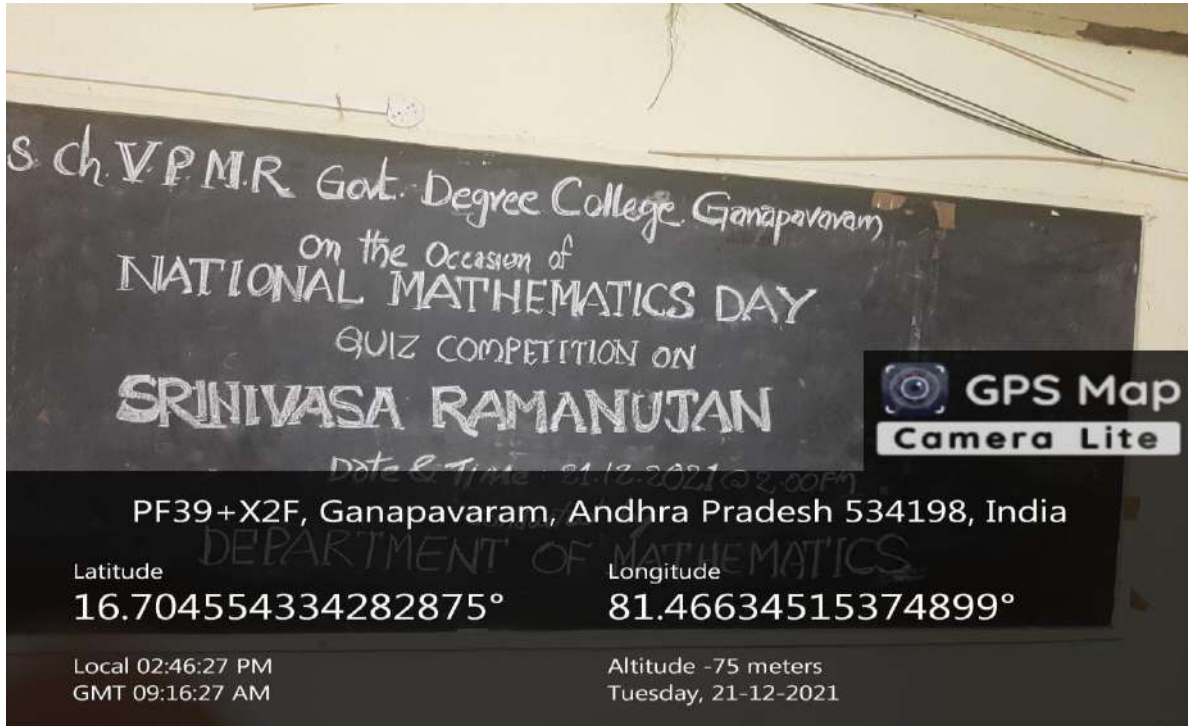

Topic: General Knowledge

Activity III

Quiz Competition for B.sc mathematics Students on 21.12.2020.

Topic: On Sir Srinivasa Ramanujan.

Activity IV

Occation: National Mathematics Day Celebrations Sir Srinivasa Ramanujan Birthday Special (22.12.2020).

S.CH.V.P.M.R GOVT DEGREE COLLEGE,GANAPAVARAM
DEPARTMENT OF PHYSICS
DEPARTMENTAL ACTIVITIES 2020-2021

1.Group discussion:

Date:02-02-2021

The Department of Physics Conducted the Group discussion for the 2nd year B.SC students On the Topic Maxwell Equations

On 2-2-2021, the students of the Department of Physics at S Ch V P M R Government Degree College Ganapavaram organized a group discussion on the topic of "Maxwell's Equations" for BSc students. The purpose of the discussion was to encourage students to engage in critical thinking and to deepen their understanding of this important topic in physics.

Group Discussion Conduct: The group discussion was led by the students of the Department of Physics and was attended by approximately 25 BSc students. The discussion was held in the college classroom and started at 11:00 AM.

The discussion began with a brief introduction to Maxwell's Equations and their historical significance. The students then divided into smaller groups to discuss specific aspects of the equations, such as the relationship between electric and magnetic fields and the behavior of electromagnetic waves.

The groups were encouraged to share their ideas and opinions, and to ask questions of one another. The students also had access to relevant resources, such as textbooks and research papers, to help inform their discussions.

Conclusion: The group discussion on Maxwell's Equations was a success. The students were able to engage in critical thinking and deepen their understanding of this important topic in physics. The group discussion provided an opportunity for the students to share their ideas and learn from one another. The Department of Physics students hope to organize similar group discussions in the future to help students broaden their knowledge and understanding of various topics in physics.

2. Quiz

DATE: 06-03-2021

The Department of Physics Conducted the Quiz Program for the 1st year B.SC students
On the Topic : Lorentz Transformations.

On 6-3-2021, the students of the Department of Physics at S Ch V P M R Government Degree College Ganapavaram organized a quiz competition on the topic of "Lorentz Transformation" for BSc students. The purpose of the quiz was to test the knowledge and understanding of students regarding this important topic in physics.

Quiz Conduct: The quiz was conducted by the students of the Department of Physics and was attended by approximately 18 BSc students. The quiz was held in the college classroom and started at 2:00 PM.

The quiz consisted of short answer questions related to the Lorentz Transformation. The students were given a time limit of one hour to complete the quiz.

The quiz questions covered various aspects of the Lorentz Transformation, including its historical background, the theory of relativity, the transformation equations, and the concept of time dilation.

Conclusion:

The quiz on Lorentz Transformation was a success. The students were able to test their knowledge and understanding of this important topic in physics. The quiz provided an opportunity for the students to challenge themselves and learn from their mistakes. The Department of Physics students hope to organize similar quiz competitions in the future to help students broaden their knowledge and understanding of various topics in physics.

3. Student seminar: DATE:24-04-2021

On 24-4-2021, the Department of Physics in S CH V P M R Government Degree College, Ganapavaram, organized a student seminar on the topic of electromagnetic waves. The seminar was conducted by the B.Sc students of the department of physics. The aim of the seminar was to increase awareness and understanding of electromagnetic waves among the students.

The seminar started with an introduction by the department head P Madhuraju, who welcomed the students and the speaker for the day. The speaker, a B.Sc final year student, began the seminar by explaining the basics of electromagnetic waves, including their properties and characteristics. The presentation was well-structured, and the speaker used various diagrams and illustrations to make the concepts easier to understand for the audience.

The students were engaged and participated actively in the seminar by asking questions and sharing their opinions. The speaker addressed all the queries and doubts of the students, which made the seminar more interactive.

The seminar covered topics such as the types of electromagnetic waves, their propagation, and their applications in various fields. The speaker also explained the properties of the electromagnetic spectrum and their significance in our daily lives.

In conclusion, the seminar was successful in achieving its objectives, as it helped the students gain a deeper understanding of electromagnetic waves. The students gained valuable insights into the practical applications of electromagnetic waves, and how they are used in various fields, including telecommunications, medicine, and space exploration. Overall, the seminar was informative, interactive, and well-received by the audience.

Remedial coaching: Report on Remedial Coaching Classes for Slow Learning and Failed B.Sc. Physics Students at S CH V P M R Government Degree College, Ganapavaram

Introduction: The Department of Physics at S CH V P M R Government Degree College, Ganapavaram conducted remedial coaching classes for slow learning and failed B.Sc. Physics students from 2nd August 2022 to 25th August 2022. The aim of the course was to provide additional support and guidance to students who were struggling to keep up with the regular coursework or had failed in the previous semester.

Course Outline: The remedial coaching classes covered the following topics: Revision of foundational concepts in physics

Explanation of concepts through analogies and real-world examples

Practice problems and interactive sessions to reinforce learning

Personalized attention to individual students to address their specific needs

Special focus on topics in which the students had performed poorly in the previous semester

Teaching Methodology: The course was conducted in person on the college premises. The instructors used a combination of lecture presentations, analogies, and interactive discussions to explain the concepts. The students were given ample opportunities to ask questions and clarify their doubts. The instructors provided personalized attention to individual students to address their specific needs and help them catch up with the regular coursework. Special attention was given to topics in which the students had performed poorly in the previous semester.

Assessment: Regular assessments were given to the students to evaluate their understanding of the concepts covered in the classes. The instructors provided detailed feedback on the assessments and worked with the students to identify areas that needed further improvement. The failed students were given additional assessments to help them clear the backlog.

Conclusion: The remedial coaching classes were well received by the slow learning and failed B.Sc. Physics students. The classes provided additional support and guidance to help the students catch up with the regular coursework or clear their backlog. The instructors were satisfied with the progress made by the students and are confident that they will continue to improve with regular practice and guidance.

Bidge course classes: Report on Bridge Course Classes for B.Sc. Physics Students at S CH V P M R Government Degree College, Ganapavaram

Introduction: The Department of Physics at S CH V P M R Government Degree College, Ganapavaram conducted bridge course classes for B.Sc. Physics students from 25th January 2021 to 3rd February 2021. The aim of the course was to provide a revision of the foundational concepts of physics and to prepare the students for the upcoming academic year.

Course Outline: The bridge course classes covered the following topics Revision of mathematical concepts and their application in physics

Classical Mechanics: Kinematics, Dynamics, Newton's laws, and Work-Energy theorem

Waves and Oscillations: Wave equation, Types of waves, Superposition of waves, Damped and Forced oscillations

Thermodynamics: Laws of Thermodynamics, Work and Heat, Entropy, and Temperature

Electricity and Magnetism: Coulomb's law, Gauss's law, Faraday's law, Ampere's law, and Simple DC circuits

Teaching Methodology: The course was conducted entirely online due to the COVID-19 pandemic. The instructors used a combination of

video lectures, animations, and interactive discussions to explain the concepts. The students were provided with study materials and assignments on a regular basis to supplement their learning. Assessment: Regular assignments and quizzes were given to the students to evaluate their understanding of the concepts covered in the classes. The students were also given a final assessment at the end of the course, which consisted of both theoretical and practical components.

Conclusion: The bridge course classes were well received by the B.Sc. Physics students. The course provided a revision of the foundational concepts of physics and prepared the students for the upcoming academic year. The instructors were satisfied with the students' progress and are confident that the students will excel in their future studies.
