ACTIVITIES CONDUCTED

2017-2018

Report On Tree Plantation

The whole world is facing the problem of global warming and to recover from such problem planting the trees has become one of the most important activities. Eco Club in association with the NSS Unit of GDC Ganapavaram organized “Tree Plantation” program on 05-06-2017 in the college campus. It was attended by NSS Programme Coordinator, college staff and 10 student volunteers. Students planted 15 number of trees. The students also placed bricks as barricades and each student took the responsibility to nourish and maintain the allocated plant.

Clean and Green Program

Cleanliness is Godliness. A clean campus promotes hygiene and also an aesthetic sense that promotes learning process. Cleanliness encourages learners to take pride in their college, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. The main aim of this program is to bring awareness among the

students about the hazards of spoiling the environment. It also encourages students to understand each individual's responsibility to take small steps in saving the environment. Eco Club of GDC Ganapavaram has organized a Clean and green program on 16-12-2017 to make the college campus clean. The students went to all the classes and briefed about the importance of cleanliness of the campus. Students were advised not to throw paper plates, water bottle, paper cups, tissues, and many unwanted things on campus garden, sitting Area, corridors, class rooms, pathway and other open areas which is very unhygienic to all of us. After the interactive instruction session all the students were involved in cleaning the campus.

Report on Audio-Visual

It is clear that audio visual aids are important tools for teaching learning process. **It helps the teacher to present the lesson effectively and students learn and retain the concepts better and for longer duration.** Use of audio visual aids improves student's critical and analytical thinking. In this connection eco-club conducted awareness programme on effects on usage of plastic on 15-07-2017.

Report on Ozone day

Eco-Club along with Department of Botany has organized “Classroom Awareness” on the eve of “World Ozone Day” i.e. 16th September, . Every year September 16th is we celebrate World Ozone Day. The main aim is to remind the world about the depletion of the ozone layer and its dangers. Students were asked to express their views on the Ozone day and the facts related.
