2020-2021.

On-line Awareness on Corona during Lock down.

During the period of lockdown, a feeling of fear has gripped the minds of the people, which is worse than Corona virus . People are so scared that they have lost their social nature. Some people don't want any guest to visit their home, because they fear that the guest may be infected with Corona virus. At the moment 9 every person seems to be haunted by fear and all people are afraid of one another. Fear is deadlier sensation than corona virus, so people want to live in isolation and nobody wants to come in contact with other people, social feeling has become extinct. In this connection an online class about preventive measures to be taken about spread of corona will be delivered to students on 14-08-2020.

We can prevent of COVID-19 by following the steps ----- 1. Wash hands regularly and carefully with soap or sanitizer. 2. Maintain a safe distance from anyone who is coughing or sneezing. 3. Wear a Mask that covers your nose and mouth to help protect yourself and others. 4. Get vaccinated when it's your turn. Follow local guidance about vaccination. 5. Cover your nose and mouth with your bent elbow or a tissue when you cough or sneeze.

Clean and Green Program

Cleanliness is Godliness. A clean campus promotes hygiene and also an aesthetic sense that promotes learning process. Cleanliness encourages learners to take pride in their college, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. The main aim of this program is to bring awareness among the students about the hazards of spoiling the environment. It also encourages students to understand each individual's responsibility to take small steps in saving the environment. Eco Club of GDC Ganapavaram has organized a Clean and green program on 28-11-2020 to make the college campus clean. The students went to all the classes and briefed about the importance of cleanliness of the campus. Students were advised not to throw paper plates, water bottle, paper cups, tissues, and many unwanted things on campus garden, sitting Area, corridors, class rooms, pathway and other open areas which is very unhygienic to all of us. After the interactive instruction session all the students were involved in cleaning the campus.

No Plastic Day

Plastic is everywhere and is contributing to deterioration of the Earth's climate. Eco club has taken initiative to create awareness on the demerits of plastic usage and also attempted to keep the campus area as plastic free zone. The students of GDC Ganapavaram were divided into

groups of four. Each group distributed themselves to different areas on the campus and picked up all the plastic waste present on the college campus on 20-02-2021
