

**SCHVPMR GOVT COLLEGE,
GANAPAVARAM ,ELURU DIST
DEPARTMENT OF MATHEMATICS
REPORT ON STUDENT CENTERED METHODS
ODD SEMESTER**

Various techniques have been introduced among educators to relate concepts to application, from inductive learning, discovery learning, and student-centered learning (SCL). Mathematics has always been taught the traditional way: the teacher is the main person to teach through lectures and activities, with students mostly in the passive receiver mode.

SEMESTER-I (2020–21)

Name of the student centered method/activity	Date
Offline quiz	20-12-21
Offline quiz	21-12-21

SEMESTER-I (2021-22)

Name of the student centered method/activity	Date
Student seminar	23-02-22
Chart preparation on value of pi	17-03-22
Chart preparation on parabola	19-03-22
Group discussion	22-04-22
Study project on correlation b/w math and agriculture	26-04-22

SEMESTER-III (2021-22)

Offline quiz	20-12-21
Offline quiz	21-12-21
Student Seminar	21-02-22
Chart preparation on parabola	14-02-22
Group discussion	28-03-22

SEMESTER V (2021-22)

Student seminar	12-11-2021
Offline quiz	20-12-21
Offline quiz	21-12-21
Student seminar	23-02-22

EVEN SEMESTER

SEMESTER-II (2021-22)

Name of the student centered method/activity	Date
Student seminar	27-06-22
Study project on correlation b/w math and dance	29-06-22
Study project on correlation b/w math and music	28-07-22
Student teachers to school children	29-07-22

SEMESTER-IV (2021-22)

Student seminar	25-06-22
-----------------	----------

SEMESTER-VI (2021-22)

Student seminar	24-06-22
Guest lecture	15-07-22
