ECO CLUB, DEPARTMENT OF BOTANY & ZOOLOGY
AWARENESS PROGRAM ON EARTH DAY CONSERVATION

REPORT

Earth day, also known as International Mother Earth day, is celebrated each year on April 22.

The main aim is to raise awareness about the growing concerns of overpopulation, loss of biodiversity, and depleting the quality of the environment. Awareness to students was given and also Placard making activity was conducted in collaboration with Eco Club.

A special assembly was organized to imbibe the value of 'No plastic is fantastic'. The tiny tots were made aware about the harm being caused to animals and the planet by various human activities through Placard making. Students were sensitized about the importance of saving the environment through these placards.
