ECO CLUB and NSS- CAMPUS CLEAN & GREEN

REPORT

Cleanliness is Godliness. A clean campus promotes hygiene and also an aesthetic sense that promotes learning process. Cleanliness encourages learners to take pride in their college, which makes them less likely to drop litter and as such they will potentially make a bigger effort to maintain their environment. The main aim of this program is to bring awareness among the students about the hazards of spoiling the environment. It also encourages students to understand each individual's responsibility to take small steps in saving the environment. Eco Club of GDC Ganapavaram has organized a Clean and green program on 28-11-2020 to make the college campus clean. 22 students went to all the classes and were briefed about the importance of cleanliness of the campus. Students were advised not to throw paper plates, water bottles, paper cups, tissues, and many unwanted things on campus gardens, sitting areas, corridors, classrooms, pathways and other open areas which are very unhygienic to all of us. After the interactive instruction session all the students were involved in cleaning the campus.
