**POLICY DOCUMENT ON ENVIRONMENT & ENERGY USAGE**  
**Policy for Green Campus/Energy/Waste/Water Management and Conservation**

SCHVPMR Government Degree College is very much committed to organize environmental promotional, energy conservation activities and green campus initiatives. In line with its vision, the institution cultivates quality human resources endowed with moral and social responsibilities who are often engaged in environmental protection activities.

**Policy Statement**

The primary objective of the Environment and Energy usage Policy of the College is to consume energy in such a way that the college minimizes its usage and its impact on the environment. This environment and energy policy is to be followed by all the components of the institution and applicable to all its stakeholders in their activities undertaken by the institution.

The College envisions a Clean and Green Campus to promote sustainable and eco-friendly green practices within the campus and beyond. It is committed to promote responsible waste management, water management practices and conservation initiatives in its daily practices. It strives to explore the renewable energy resources and to find out substitute natural resources as solutions to the energy crisis. This will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. The environment and energy policy will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

**Objectives**

- To sensitize students on environmental issues.
- To make the stakeholders understand one's responsibility towards environmental protection.
- To implement energy and water conservation practices.
- To encourage green practices within the campus and beyond.
- To provide students a healthy pollution-free environment in the campus.

## Plan of Implementation

The college is committed to Sustainable Development in all its endeavors. Accordingly, the following areas are identified for streamlining ways and procedures to make the campus eco friendly.

1. Energy conservation and management
2. Water conservation and management
3. Waste management
4. Clean and Green campus

### 1. Energy conservation and management

- Investing in energy efficient equipment such as LED bulbs.
- Using natural light as and when possible.
- Practicing vehicle free days.
- Creating awareness that small actions matter - SAVE ENERGY posters are put up at various locations in the campus.

### 2. Water conservation and management

- Constructing rain water harvesting pits at selected locations in the campus.
- Periodic repairs of leaks in taps and pipes.
- Organizing student centric activities for creating awareness on water conservation and management.
- SAVE WATER posters are put up at various locations in the campus.

### 3. Waste management

- Practicing the 4Rs REFUSE, REDUCE, REUSE and RECYCLE wherever possible.
- Installing sanitary waste disposal machine.
- Ensuring that every day, the Panchayat van collects solid waste stored in the dustbins and takes it to the recycling unit far away from the town.
- Conducting awareness sessions on waste management.
- Use of plastic is completely restricted and polythene bags are banned in the campus.
- Single side used papers are reused for writing and printing in all departments.

#### 4. Clean and Green campus

- Plantation programs are being organized at the college campus with the help of NSS (National Service Scheme) unit, Department of Botany and the Eco Club.
- Saplings to guests instead of bouquets and mementos.
- Conducting campus cleaning activities in regular intervals.
- Creating awareness by observation of Environmental protection Day, Earth Day etc.
- Moving towards e-office practices to reduce the use of paper.
- Conducting Green, Energy and Environmental audits regularly.
