

## REPORT ON 21<sup>st</sup> MARCH 2024-INTERNATIONAL DAY of FORESTS

# Online Student Interaction

## INTERNATIONAL DAY OF FORESTS 21 MARCH 2024

**Forests and Innovation: New Solutions for a Better World**

### STUDENT SPEAKERS

V.Baby Sirisha, II BZC  
K. Devika, II BZC  
M.Elisha, II BZC  
S.Susmitha, II BZC

**Dr.P.Nirmala Kumari**

PRINCIPAL

SCHVPMR GDC Ganapavaram

Andhra Pradesh

**Dr.G.Padmavathi**

PRINCIPAL

GDC (W) Khammam

Telangana

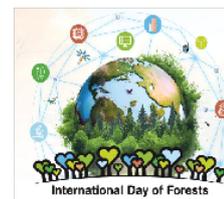

### STUDENT SPEAKERS

M. Ankitha, III MPCs  
K. Keerthana, III BZCS  
T. Kalyani, III BZCS  
P. Gowthami, III BZC  
R. Nandini III BZCS

CONDUCTED BY

**ECO CLUB & DEPT. OF BOTANY**

Every year 21 March is observed as International day of Forests by United Nations. The theme for International Day of Forests 2024 is **Forests and Innovation: New Solutions for a Better World**. In this connection, Eco Club and Department of Botany, SCHVPMR GDC Ganapavaram has observed International Day of Forests 2024 by conducting an Online Student Interaction session with GDC (W) Khammam. This activity is conducted as a part of MoU undertaken between the two parties. The program was started by inviting Dr.P.Nirmala Kumari garu, Principal SCHVPMR GDC Ganapavaram, Dr.G.Padmavathi garu, Principal GDC (w) Khammam, Telangana, other teaching staff members and students from both the colleges. Opening remarks were given by Dr.P.Nirmala Kumari garu to all the participants. Madam highlighted the severe effects of deforestation that human community has observed in the recent COVID pandemic and insisted on the importance of conserving forests. This was followed by the remarks by Dr.G.Padmavathi garu. Madam has mentioned the importance of fresh air for the existence of human life. Fresh air for life comes from plants and more importantly from forests. She also mentioned that afforestation does not mean mere planting of plants but also to take care of the plants' growth. As a part of the Online session, students from the two colleges have presented their views alternatively. A collaborative approach was followed to make students aware of the importance of the day and this also helped students to assess their communication skills and body language on an online platform. V.baby Sirisha, K.Devika, M.Elisha, S.Sushmitha from II BSC BZC, SCHVPMR GDC Ganapavaram and M.Ankitha (II MPCs), K.Keerthana (III BZCS), T.Kalyani (III BZCS), P.Gowthami(III BZC), R.Nandini (III BZCS) had participated. All the students have presented powerpoint presentations on various topics like-

Keerthana on Damaged ecosystems

Sirisha and Devika on Importance of Observing International day of Forests

Kalyani on biodiversity loss

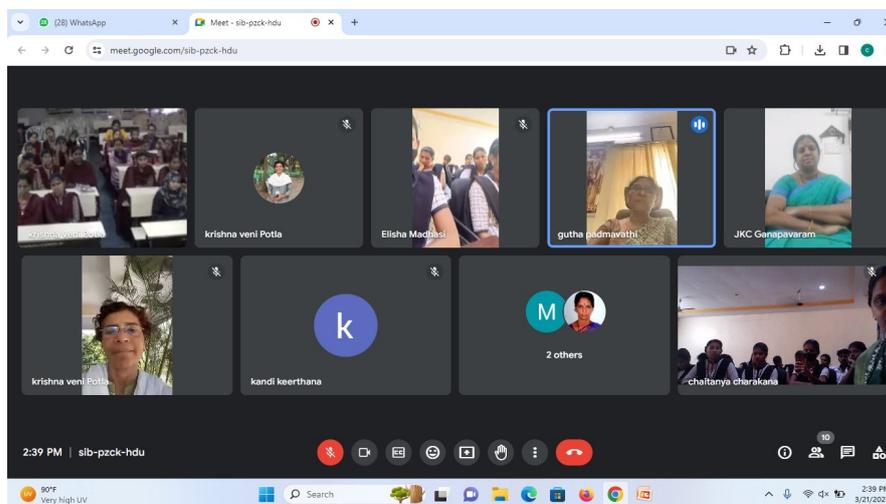

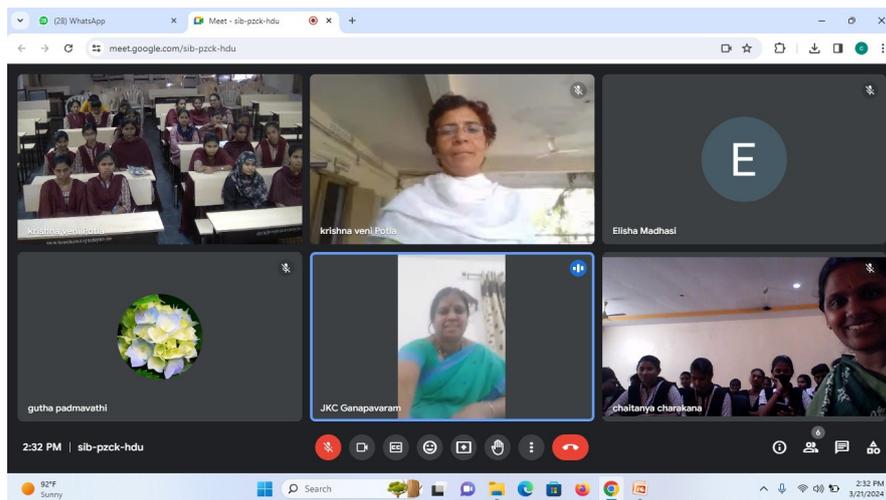

Sushmitha on Social Forestry

Nandhini on climate change

Elisha on Deforestation and forest cover status and lastly by

Gowthami on slash and burn techniques

Bhavani, alumini of GDC (W) Khamamm also participated in the programme and putforth her perspective of a plant and its microbiome. She has insisted on the importance of each plant as a unique being on this earth interacting with other living organisms for a mutual survival. The program was concluded by vote of thanks by Smt.Potla Krishnaveni, Asst. Prof. Of Botany, GDC(W) Khammam followed by audio feed back by students. A total of 40 students have participated from both the colleges.

### INTRODUCTION

- The United Nations General Assembly proclaimed 21 March the International Day of Forests in 2012 to celebrate and raise awareness of the importance of all types of forests. Countries are encouraged to undertake local, national and international efforts to organize activities involving forests and trees, such as tree planting campaigns.
- The organizers are the United Nations Forum on Forests and the Food and Agriculture Organization of the United Nations (FAO), in collaboration with Governments, the Collaborative Partnership on Forests and other relevant organizations in the field.

### Celebrating International Forest Day

Communities, organizations, and governments around the world organize events to celebrate International Forest Day.

Activities include tree planting, forest clean-ups, educational workshops, and advocacy campaigns.

Social media campaigns and online events raise awareness about forest conservation issues.
