Madam

Sub: - Dept. of English - National Seminar (Online) - submission of proposal - Request for permission - Reg.

This is to submit that the Department of English is hereby submitting a proposal for organizing a National Seminar (Online) on 26th and 27th April 2024 in association with the Internal Quality Assurance Cell (IQAC) of the college. Hence, you are requested to accord permission to initiate preparations for the Seminar.

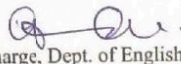

Seminar theme:

Since English is a language of opportunities, the teaching and learning of English has received phenomenal attention in the L2 context. Unlike language acquisition, language learning poses many challenges to L2 learners. A number of methods and techniques have evolved and been put to the best use. But, in the light of new technological advances, more opportunities for learning English as an L2 are at hand today; new dimensions for augmenting English speaking skills can be explored and their efficacy in the real context can be discussed at a suitable platform.

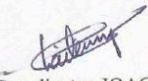

Objectives:

1. To explore new dimensions for augmenting English speaking skills through an intellectual debate among the faculty members and research scholars
2. To invite research papers discussing the seminar topic in detail with varied experiences incorporated

Yours faithfully
