

Report on World Coconut Day - 2025

Date: September 2, 2025

Venue: College Campus

Introduction

Government Degree College, [Location], observed *World Coconut Day 2025* with great enthusiasm to highlight the nutritional, cultural, and economic significance of the coconut, often called the “tree of life.” The celebrations were organized under the guidance of the **Principal, Vice Principal, and IQAC Coordinator**, with active support from all teaching staff.

Activities Conducted

CocodeLight – A Food Showcase

Organized by the **B.Sc. Botany Minor students**, this activity featured innovative coconut-based dishes. Students prepared and displayed a variety of recipes using coconut as the main ingredient, reflecting both traditional and modern culinary practices. The objective was to promote awareness about the nutritional value of coconut and its role in sustainable diets. Faculty members and peers appreciated the creativity, presentation skills, and knowledge demonstrated by the students.

PPT Presentation Competition

A PowerPoint presentation competition was conducted where students presented on diverse topics related to coconut, such as its cultivation practices, economic importance, medicinal properties, and environmental benefits. Presentations highlighted the multifaceted role of coconut in rural livelihoods, industry, and global trade. The activity encouraged students to develop research, critical thinking, and communication skills.

Participation

The program witnessed the active involvement of the **Principal, Vice Principal, IQAC Coordinator, and all faculty members**. A total of **30 students** participated in the activities, contributing through presentations, displays, and discussions. Both staff and students engaged in interactive sessions, making the event highly participatory and informative.

Key Outcomes

Enhanced student understanding of the economic, nutritional, and cultural value of coconut.

Encouraged innovation and creativity among students through practical and presentation-based activities.

Strengthened teamwork and organizational skills among the Botany Minor students.

Fostered a spirit of celebration and awareness regarding natural resources and their sustainable use.

Principal' s Remarks

In her address, the **Principal** emphasized the importance of celebrating World Coconut Day as a way to connect classroom learning with real-world applications. She noted that coconuts are not just a food source but also a vital contributor to health, livelihoods, and environmental sustainability. The Principal appreciated the efforts of the organizing faculty and the enthusiastic participation of the students.

Conclusion

The *World Coconut Day 2025* celebration at Government Degree College, [Location], was a resounding success. With the combined efforts of the Principal, Vice Principal, IQAC Coordinator, faculty members, and students, the program provided an enriching platform for learning, creativity, and awareness. The college looks forward to continuing such meaningful observances that blend academic knowledge with practical understanding.
